New Course: Silage Safety

Unlock critical safety skills with our latest training course, "Silage Safety." Designed for anyone involved in handling silage, this course equips employees with the knowledge to navigate the dangers of working near silage piles effectively. By the end of this training, learners will be able to identify the risks associated with the face of a silage pile, implement protective measures against silage avalanches, machinery entanglements, and falls, and establish hazard zones. Ensure your safety and that of your team by mastering these essential precautions.

Visit us at Convey '24!

Join us from July 23-25 at the Hilton Omaha for Convey '24! Stop by Booth #35 to meet the Safety Made Simple team and learn about our innovative safety training solutions.

Don't miss our own Joe Mlynek, on July 25th at 8:05 AM, for a compelling presentation on "SIF Potential and Prevention Strategy." In this session, Joe and Anne Cook will reflect on the tragic loss of a coworker and the significant changes that followed to enhance workplace safety.

Congratulations on Your Retirement, Steve Queen!

Thank you for your dedication and outstanding service to our industry. Wishing you a wonderful retirement filled with health, happiness, and new adventures!

TAKE 5 - Flammable Liquids

Elevate your safety practices with our quick, impactful "Take 5" safety talk on Flammable Liquids. In just five minutes, learn the essential steps to handle and store flammable liquids safely, preventing accidents and ensuring compliance. This information is a must for anyone working with flammable liquids.

Our library of safety talks can be accessed by your **Safety Made Simple** administrator in the resources section of your company's training portal.

Is It Safe?

According to OSHA, flexible cords when used in temporary wiring may be run through doorways, windows, or similar openings provided they are protected from damage, but cannot be used as a substitute for the fixed wiring of a structure; run through holes in walls, ceilings, or floors; attached to building surfaces; or concealed behind building walls, ceilings, or floors.

ENCOURAGING WORD

Be on the alert, stand firm in the faith, act like men, be strong. Let all that you do be done in love.
